Hi Todd, just a couple of comments. Call if we need to talk.

Flyer: Should we use the time of 600 to 700pm and have the additional 30 minutes as potential 'run-over'? Does the library close at 700 or 800?

Factsheet:

These comments are for consistency across document only. I know that there are some questions about some of the dates and site size, but as long as we are consistent perhaps some confusion can be eliminated.

1. The correct site name/title is Wilcox Oil Company. The fact sheet uses Wilcox Refinery. I do not think this is a problem, but consistency may be needed since the web and the documents use the full name.
2. I think we should use the date range of 1915 to 1963. Based on the land ownership documents, Wilcox sold the property in 1963. We use the date range of 1915 to 1963 for the operational history of the site in the site documents. The factsheet uses 1965, but then follows with 1963 as being the end of operations. These appear to contradict.
3. Paragraph 2: Can we add a sentence that describes the revised estimate on size? When we started, the site was about 125 acres (size of the refineries), but since then we've expanded our investigation area to include the loading dock and areas further north on Lorraine. The estimate now is about 140 to 150 acres.
4. Please update the internet link for the site to the following:
<https://www.epa.gov/superfund/search-superfund-sites-where-you-live>. Search for Wilcox Oil Company. We no longer have regional web pages.
5. Not sure about this one: Should we update the EPA address to be superfund specific instead of EPA in general? If we do superfund specific, then the address is www.epa.gov/superfund.

The printed copies look great.

Could you please send me an electronic copies of the final versions?

Thanks

No worries Todd. It won't take long to recreate it.

I'll get those printed for you between now and the end of the day tomorrow.

No problem. You probably don't have a copy of Katrina Higgins card on hand do you? I guess when they replaced Michael's computer the scanned card was on his desktop. If not, no worries. I can remake it if need be.

Thanks Todd,

Grant

Hi Todd,

Here are the most recent changes to those documents. The only problem I ran into is on page 3 of the handout where Katrina Higgins card is placed. The root file is missing(if you look close it's pixelated), but is on Michael's desktop. I'll be sure to add that file when he gets in. Besides that, I think it's all ready.

Let me know if you need any further assistance.

Thanks!

Grant
